## The European Research Area (ERA)

- A unified area open to the world, in which scientific knowledge, technology and researchers circulate freely.

The screenshot shows the homepage of the European Research Area (ERA). At the top, there is a navigation bar with the European Commission logo and the text "EUROPEAN RESEARCH AREA Coordination of Research Programmes". Below this is a secondary navigation bar with links: Home, ERA Partnership, Maximising results, Strengthening cross-border links, Open market for researchers (highlighted), Gender equality, Accessing knowledge, Joint Programming, and ERA Progress. The main banner features a globe with the text "European Research Area" and "An open space for knowledge and growth". Below the banner is a section titled "An open labour market for researchers" with the subtext "Facilitating mobility, supporting training and ensuring attractive careers". This section includes a paragraph about researcher mobility and the Euraxess logo. To the right of the text is a search bar, a newsletter sign-up button, and a list of key documents: ERA Communication, ERA Progress, ERA Documents, and Useful Links.

# EURAXESS is 1 of the ERA 5 key priorities:

- **More effective national research systems**
- **Optimal transnational co-operation and competition**  
On common research agendas, [grand challenges](#) and [infrastructures](#)
- **An open labour market for researchers**  
Facilitating mobility, supporting training and ensuring attractive careers
- **Gender equality and gender mainstreaming in research**  
Encouraging gender diversity to foster science excellence and relevance
- **Optimal circulation and transfer of scientific knowledge**  
To guarantee access to and uptake of knowledge by all
