European Research Infrastructures (including e-Infrastructures) Information day  
Brussels, 28 October 2015

THE FRAMEWORK PROGRAMME FOR RESEARCH AND INNOVATION  
**HORIZON 2020**

The next round of calls under the European Research Infrastructures (including e-infrastructure) programme of Horizon 2020 is on track. To support the preparation of proposals, the Network of National Contact Points (NCPs), together with the European Commission's Research and Innovation Directorate-General, is organising an Information Day on Wednesday 28 October 2015 in Brussels.

The aim of the day is to inform potential participants in the new Work Programme 2016/2017 and to offer some unique opportunities for networking. Information will also be given on the Evaluation Guidelines and on the legal and financial rules for Participation.

The participants will have the opportunity to address specific technical questions related to the Work Programme 2016/2017 to European Commission's project officers and National Contact Points.

Registration is open

**What is the NCP network?**

NCPs are national structures established in the Member States and the states associated to the Framework Programme. NCPs give personalised support on the spot, including:

- Guidance on choosing relevant H2020 topics
- Advice on administrative/contractual issues
- Training/assistance on proposal writing
- Distribution of documentation, Assistance in partner search.

• NCP Intranet

**RICH 2020:**

**The Research Infrastructures Consortium of NCPs for H2020**

RICH 2020, the European Network of National Contact Points (NCPs) for Research Infrastructures in Horizon 2020, facilitates transnational cooperation between NCPs, promotes the effective implementation of the RI programme, supports transnational and virtual access to RIs and highlights the opportunities offered by Research Infrastructures - at the European and international level.

The Network builds on the experience of previous networks of National Contact Points for the Research Infrastructures programme (EuroRIS-Net and EuroRIS-Net+, 2007-2013).
