

## **STAGE 2**

Final selection of Russian candidates to EMMRI, managed by the UNIMIB

### **Deadline for Russian application to EMMRI: 23 July 2021**

#### **1. Submission of applications to EMMRI programme**

The applications are made exclusively online through the EMMRI website.

#### **2. Evaluation and final selection by UNIMIB**

The UNIMIB evaluation committee evaluates applications of all (incl. Russian) candidates in line with EMMRI criteria and identify the final list of participants.

The selection will be done on the basis of UNIMIB published application process (<https://emmri.unimib.it/admission/>).

#### **3. Notification of successful Russian candidates on evaluation and selection results**

The result of the selection will be communicated soon to the candidate after the application is evaluated. UNIMIB informs successful Russian candidates on results of final evaluation by e-mail.

4. After the admission, candidates will be required to officially register at the University of Milano-Bicocca following the specific requirements for Masters programmes.

The final selection of Russian candidates to EMMRI is in line with the general evaluation system of the UNIMIB (managed by the UNIMIB)

*All applicants will be notified on the results of STEPS I&II of the selection process in due time, as defined in Call documentation.*
